Starting with a brand new online platform!

The screenshot shows the homepage of the Purina VetCenter website. At the top, there is a red header bar with the text "Welcome", "Login", and "Register". Below this, the "VetCenter" logo is on the left, and the "PURINA PRO PLAN" logo is on the right. The main navigation menu includes "In-clinic tools", "Vet Academy", "News", "Events", "Products", and "Purina Institute". A search bar is also present. A large banner features the "PURINA young Veterinarians" logo and the tagline "Every Pet Needs a *Vet Like You*". Below the banner, there is a navigation bar with links to "Home", "Courses", "Testimonials", and "Our Stories". The main content area is titled "Welcome Young Veterinarians" and includes a sub-section titled "Become the vet you aspire to be". It describes the Purina Young Veterinarians program as a unique online learning platform that helps transition from university to the workplace, offering knowledge in pet nutrition, employability, and entrepreneurship. It also mentions the "Impactful Initiatives" and "Real-world experiences" component of the program. To the right of this text is a photograph of a female veterinarian in scrubs examining a golden retriever. The Purina PRO PLAN logo is also visible in the bottom left corner of the page.

Un post un peu en retard... mais rempli de gratitude ! ☺

En juillet dernier, j'ai eu la chance d'être invitée en tant qu'ambassadrice Pro Plan au Nestlé Purina Petcare Development Center à Amiens.

Cette expérience a été exceptionnelle, autant sur le plan humain que professionnel. J'ai pu en apprendre davantage sur la nutrition animale, ses enjeux, ses innovations, ainsi que la rigueur scientifique derrière la formulation des aliments, un domaine qui me passionne profondément.

Ce moment m'a également permis d'échanger avec des spécialistes et experts passionnés par leur métier, d'autres étudiants vétérinaires invités pour l'occasion et une équipe engagée dans la recherche, l'innovation et le bien-être animal.

Ces discussions m'ont offert une vision concrète entre mes études et ma future pratique vétérinaire. Une vraie opportunité d'élargir ma compréhension du rôle essentiel de la nutrition dans la santé animale.

Je tiens à remercier sincèrement toute l'équipe Nestlé Purina pour :

♥ l'accueil chaleureux

♣ la pédagogie et le partage de connaissances

⌚ l'opportunité de participer à cette expérience enrichissante

Merci encore pour cette invitation, l'apprentissage et ces rencontres inspirantes. J'en ressors encore plus motivée pour la suite de mon parcours vétérinaire ☺

#Proplan #NestléPurina #innovation #nutrition

Merci à Clémentine JEAN-LECONTE et Jenifer Molina Tena
